

MESA Day: Information for Buses (Fresno/UCSB)

Yellow = from West Entrance to Jack Baskin School of Engineering (To drop off students)

Green = From Jack Baskin to Barn Theater (To park bus in parking lot)

Red = From Barn Theater to Cowell Circle (To pick up students)

-Buses turn **left** on High Street and continue up Empire Grade. Turn **right** onto Heller Drive (UCSC West Entrance) and drive up campus, later turning **right** onto McLaughlin Drive.

-The designated student drop off area is the bus stop on the right-hand side, located between the Physical Science and Jack Baskin buildings.

Keep in mind: buses cannot turn around in the School of Engineering circle because it is too small.

-After dropping off the students, continue on McLaughlin Drive. Turn **right** onto Hagar Drive and continue down campus. Turn **right** onto Coolidge Drive at the T-intersection.

-Keep an eye out for the barn theater parking lot on the **right**, just before the main road. Pull in and park (see attached Bus Parking Map for instructions on parking)

-To pick up students, head back on Coolidge Drive. Turn **left** at the Humanities Lecture Hall, before the three-way intersection on Hagar Drive. Drive forward until a lawn is visible on your right hand side and you arrive to the Stevenson College Circle. The designated area to pick up students is the Stevenson College Circle. After picking up the students, drive towards Cowell College. After passing the Cowell College Circle, turn **left** and drive up the hill. At the stop sign turn **right** and drive down towards the base of campus (UCSC Main Entrance); see map below.

Student drop off is located at the bus stop across from the Jack Baskin Engineering Building on McLaughlin & Heller Drives.

Important Note: Buses are NOT allowed to drive into the Engineering Circle because it is too small & buses can get stuck. Buses will have enough space to drop off on McLaughlin & Heller Drives.

Please pick-up students at the Cowell Circle located behind the Humanities Lecture Hall.

Bus Parking is located at the Barn Theater— see second attachment.

Follow yellow dashes from the West Entrance to Jack Baskin Engineering.
